# **Questions for RFP # 7550918 Medical Marijuana Program and Hemp Growth Act Tracking Solution**

<u>Question 1</u>: We request a two week extension on the due date for the RFP response to October 3<sup>rd</sup> due to the comprehensive requirements of the RFP.

#### <u>Answer to question 1</u>:

The State will grant a two week extension for vendors to submit proposals. The revised submission deadline for RFP #7550918 Medical Marijuana Program and Hemp Growth Act Tracking Solution is 10/3/2016 at 11:00 AM (ET).

<u>Question 2</u>: We license our software on a concurrent user basis (external, public users do not count as "users" in our licensing model). The RFP indicates that users from the Department of Health, Department of Business Regulation and the Rhode Island State Police (DPSD) will require access to the system. How many of these users would be accessing the system at any one time?

#### Answer to question 2:

The State prefers an Enterprise model that includes an unlimited number of licenses. However, in an effort to not exclude potentially valid offerors, the State would like potential offerors who employ a concurrent-user licensing model to submit cost models to the state at twenty (20), fifty (50), and one-hundred (100) concurrent user levels.
